

# St Brigid's Primary School

## Statement of Special Religious Character

In the spirit of St Brigid, each member of our community takes responsibility for 'Making Christ Present' in our school. We promote this by following her virtues of strength and compassion.

These two statements will guide all our relationships, policies, learning and activities that take place at St Brigid's.

Provided we embrace St Brigid's virtues, our school will be a friendly, caring and welcoming community where all persons are valued, loved and respected.

St Brigid taught us by her example not only to look after our own community but also to show compassion and to provide care and concern for those less fortunate than us. We shall follow her example.

St Brigid's community will continue to make these principles our foundation. This will ensure St Brigid's is a vibrant and welcoming place of learning.
